Ayutthaya

Ayutthaya is undoubtedly one of the most culturally and historically interesting towns within easy reach of Bangkok. Accessible by rail, river and road Thailand's former capital is a must on any travel itinerary. The superb temples and monuments of this great city have been lovingly restored in Ayut,

Targus TSM07001US Incognito Messenger Bag Designed to Fit Laptops with up to 15.4-Inch Widescreens (Pink and Grey)

Posted by [Arsad](#) in [Luggage](#)

Targus TSM07001US Incognito Messenger Bag Designed to Fit Laptops with up to 15.4-Inch Widescreens (Pink and Grey) The Targus Incognito Messenger is designed to fit laptops with up to 15.4" widescreens. The messenger features a front workstation which includes an ID holder, pen loops, mobile phone compartment and accessory pockets. The trim adds style to this messenger while the zippered back pocket provides space for homework, documents, magazines or other items. The padded / adjustable shoulder strap makes it easy to carry the bag across campus or to work. This messenger features a water resistant case bottom and a heavily padded carry handle. With plenty of room to store accessories, the Incognito messenger is perfect for transporting your laptop around campus or on the job.

Customer Review: great bag

bought this for my college going daughter – she loves it, holds her laptop secure and is well padded. lots of room for her books, mouse, pens, etc. the only thing she wishes it was a little darker grey, may get dirty quickly. has a carrying handle besides the strap which is a plus.

Customer Review: awesome

I purchased this Messenger Bag for my mom for Christmas, she just absolutely loved it. It is nice and roomy for all of her stuff. She didn't want a black bag like everyone else has so this is perfect for her.

Customer Review: R. Park

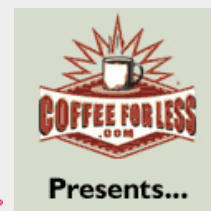

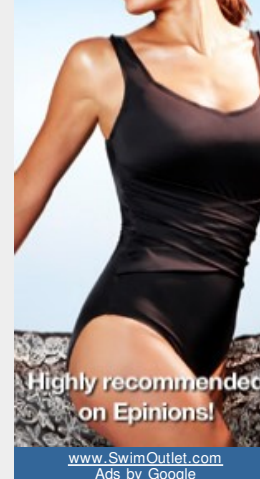

This is the best wheeled duffel on the market. I travel on ski trips year round, and I am able to store all of my gear (except for my skis) in this duffel. The duffel is quite large, so you have to be careful about exceeding the 50 lb. airline weight limit for normal-sized bags. However, this is the most durable duffel I have found. All of the other duffels I have purchased (including another High Sierra duffel that had cheaper zippers) have suffered from ripped seams or failed zippers after about a year of use.

Customer Review: Great product – Great value!

I purchased this bag for a 14 day family cruise. It held an amazing amount of stuff. Lots of nooks and crannies to cram in last minute items. Was easy to maneuver and handle even when it was overpacked and super heavy. Based on the prior reviews, I knew there was a risk that it would get zinged with an oversize baggage charge based on its dimensions and I was prepared to pony up. But I was pleasantly surprised that I never got charged even though I had to check it at three separate airports (always US Air). It doesn't look as big as it is. I am extremely pleased with this purchase.

Travelon RFID Blocking Passport Case

Posted by [Arsad](#) in [Luggage](#)

Travelon RFID Blocking Passport Case Travelon secures your credit cards and passports with a wallet that blocks RFID readers.

Customer Review: Keep your Identity Safe While Traveling

This passport case is simple and discreet. Don't carelessly reveal your nationality to strangers when traveling internationally. Added feature blocks unauthorized access to any passport or credit card with an RFID chip.

Passport slips securely inside case and allows immigration authorities to view or scan document without requiring the document to be removed. Room for several credit cards or business cards.

SLAPPA HardBody 90 DVD Pro - Suede Finish (Black/Black)

Posted by [Arsad](#) in [Luggage](#)

SLAPPA HardBody 90 DVD Pro – Suede Finish (Black/Black) Ideal for 90 covers and 90 discs.

Customer Review: Great Storage Solution

This is a great storage solution for DVD collectors. The pockets are deep and wide enough to display the artwork without being bulky. I like the fact that the pockets are sewn and not glued which makes this product durable. The only change I would make is to have the inserts removable for easier sorting.

Customer Review: great idea, mediocre execution

I was really excited with the thought of reducing the amount of clutter contained in my video collection with this item. The idea is great. However, upon its receiving it, I find that the pockets aren't wide enough to half the regular disc artwork for storage within the unit. Being able to keep the inserts and recycle the cases seemed to be part of the benefit, but now I'm skeptical that it is the dream case I was looking for.

U.S. Luggage Leather Computer Briefcase, 12in.H x 17in.W x 7in.D, Black

Posted by [Arsad](#) in [Luggage](#)

U.S. Luggage Leather Computer Briefcase, 12in.H x 17in.W x 7in.D, Black
Leather portfolio has padded laptop pocket with velcro closure that holds most 15" laptops. Main compartment also features a full-length zippered pocket and accessory pockets. Ride Along Pocket for consolidated travel. Padded leather loop handles and adjustable/removable shoulder strap. Black.

Customer Review: US luggage briefcase

This product works very well for me and is quite durable. I have found it handles my daily caseload well including laptop and accessories. The only drawback I see is the overall bulk which I guess goes with the concept of carrying your office in a bag. Thanks.

Customer Review: US Luggage Leather Computer Briefcase

The case arrived on time in excellent condition. The case is what was presented. No complaints.
